APPROVAL OF THE AGENDA

Item #2 Amendments to Municipal Code Related to Community Planning Group Reform was moved to be heard first on the agenda.

DIRECTOR'S REPORT

Angela Colton, Development Services Department introduced Renee Mezo as the new Assistant Deputy Director of the Project Management Division at Development Services Department. Also, Laura Gates who is the new Deputy Director over the Cannabis Division.

Angela informed the Planning Commission that the City Council has decided they are going to go into a hybrid meeting format starting next week. Our understanding is it is optional for the councilmembers to choose to participate in person in council chambers for City Council meetings or for the City Council Committee meetings. There will be no other meeting types held in council chambers at this time. My understanding is they are still doing everything on Zoom so those who choose not to attend in chambers will be on a laptop over Zoom in other location. The staffing level is being kept to a minimum as well. This hybrid format will last a couple months. Planning Commission will remain on Zoom for the foreseeable future until we hear otherwise. In the background of all this the Boards and Commission is checking vaccination status on all Planning Commission members as well as members on other Boards and Commissions.

Tait Galloway, Planning Department announced that in March they will be presenting a workshop for the University Community Plan Update. Also, we most likely will be having a future workshop for Mira Mesa sometime in the Spring.
